

TERRY YOUNG MP

and the LNP's plan to
**rebuild our economy
and create jobs**

Let's get Queensland working again

Supporting Queensland Jobs

Under our COVID-19 response the Morrison Government has provided \$10.7 billion in **JobKeeper payments** saving thousands of Queensland jobs.

The Australian economy is now fighting back. Our plan to grow the economy and create jobs includes:

- ✓ The JobMaker Hiring Credit that will provide an incentive of up to \$200 a week for employers to hire new workers aged 16-35; **supporting around 450,000 jobs for young people.**
- ✓ Establishing the \$1 billion JobTrainer fund to create **free and low-cost training places** for school leavers and job seekers.
- ✓ **100,000 new apprenticeships** and traineeships, with a 50 per cent wage subsidy for businesses who employ them.

Lower Taxes for Households and Businesses

Queenslanders will have more of their own money to spend on what matters to them, generating billions of dollars of economic activity and creating new jobs.

- ✓ Putting more money into the pockets of Australian households, with a **tax cut backdated to 1 July 2020** benefitting 2.3 million Queenslanders.
- ✓ Lower and middle income earners will this year receive **tax relief of up to \$2,745 for singles, and up to \$5,490 for dual income families** compared with 2017-18.
- ✓ **Thousands of Queensland businesses will be eligible for business tax incentives**, helping 99% of businesses to immediately deduct the full cost of eligible assets.

The LNP's plan to **rebuild our economy and create jobs**

Guaranteeing Essential Services

The COVID-19 crisis has confirmed how vital it is to have a strong economy that can continue to guarantee the delivery of essential services. The Morrison Government is delivering:

- ✓ **Record levels of support** for mental health, hospitals, schools, aged care and disability services.
- ✓ Additional **\$250 payments for pensioners in December 2020 and in March 2021.**
- ✓ \$3.9 billion for the NDIS which is providing **life-changing support to 400,000 Australians** with disability.
- ✓ Largest single increase of **23,000 additional home care packages.**

Infrastructure Investment to Drive Jobs

The Morrison Government is expanding its 10 year infrastructure pipeline which is already **supporting 100,000 jobs** on worksites across Australia today.

Since 2013, the Morrison Government has invested **\$28.5 billion in funding for projects in Queensland.** Projects committed to, or underway include:

- ✓ \$750 million to build **Stage 1 of the Second M1** (Coomera to Nerang).
- ✓ **Major Bruce Highway upgrades** including the Mackay Ring Road (stage 1), Haughton River Floodplain Upgrade and Caloundra Road to Sunshine Motorway upgrade.

The only way to get Queensland back on track is by growing our economy.

Prime Minister Scott Morrison and Deb Frecklington have a plan to grow our economy by fast tracking infrastructure, backing local jobs and keeping taxes low.

Our united LNP Team will work together to rebuild Queensland's economy and create secure jobs.
